See fastening alternatives on page 23.

Colours

Available in stainless steel or powder coated galvanized steel. Solid body and a hinged door with lock in basic models. Galvanized liner inside the bin. Novus FlipTop with hinged top and bag frame inside the bin for a refuse sack.

Novus posts and cylindrical metal bases are fixed underneath the bin giving a balanced appearance.

Sloped and convex top drains water away and prevent users from leaving waste on top of the bin.

The basic models can be equipped with an ashtray tube. Ashtray is attached on the side of the bin.

Stainless steel decoration parts around the aperture of the bin. User friendly design.

The bin can be fixed on the wall or post with mounting accessories.
