

Wave Series

The Finbin® Wave series is a stylish recycling bin collection which fits for many surroundings: shopping malls, airports and terminals, fair grounds etc. Wave series has been designed for the collection of different waste fractions in public premises. The bins can be equipped with aperture masks and customised labels to guide the recycling.

Wave series are open top bins which can be also equipped with arched covers. The Wave is available in materials suitable for outdoor and indoor use. Standard colours are powder coated metallic black (both body and top) and stainless steel body with metallic black top.

The main lid is hinged which allows easy access for maintenance. Bins are equipped with pivoted bag frames.
