

PARKIS

**EFFICIENT SPACE-SAVING  
FOR LARGE AND TINY PREMISES**

# PARKIS

## IS A SPACE-SAVING BICYCLE LIFT THAT OFFERS AN EFFORTLESS BICYCLE PARKING EXPERIENCE

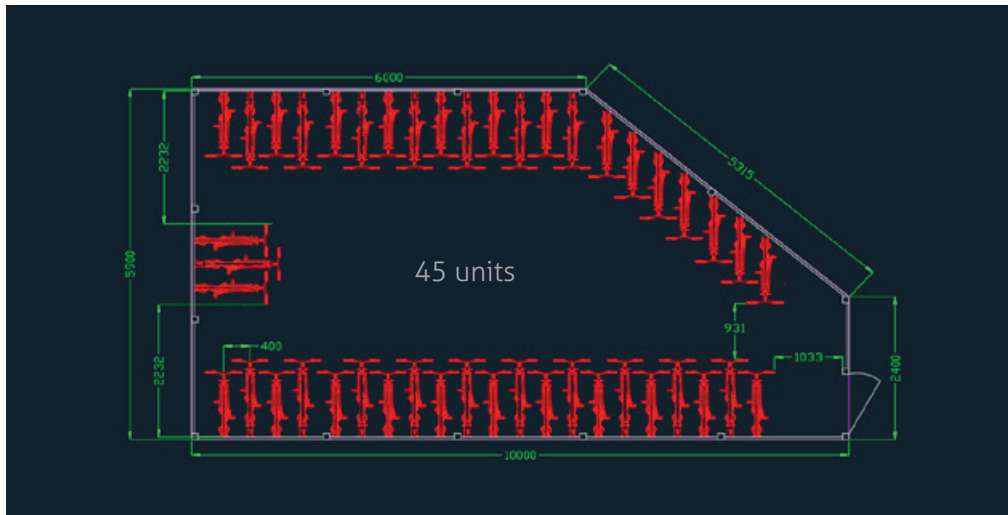

Due to innovative mechanism PARKIS automatically lifts the bike to the vertical position. That allows everyone to save space effortlessly - from teenagers to the elderly. PARKIS lift is suitable for both large and tiny premises - hotels, offices, malls, airports, underground or regular parking areas - this is the efficient way to organize multiple bikes. Moreover, PARKIS is a fully mechanical device that doesn't require any external power source.
